THE FURANO PROPERTY GUIDE

Winter Edition 2025-2026

A background of soft, out-of-focus snowflakes and bokeh lights in shades of blue and white, creating a winter atmosphere.

WELCOME TO THE FURANO PROPERTY GUIDE

Welcome to winter in Furano, a season defined by powder snow, crisp mountain air, and the unmistakable charm of Hokkaido's most authentic alpine town, set against the stunning backdrop of the Daisetsuzan National Park. Each year, visitors from around the world are drawn here to experience world-class skiing, relaxing hot springs, and a vibrant après-ski culture.

H2 Christie's International Real Estate is proud to present our Winter Property Guide 2025/2026, showcasing exceptional investment opportunities in one of Japan's fastest-rising resort markets. While Niseko has long been on the global radar, Furano is now capturing the attention of international buyers seeking exceptional value, high rental yields, and a lifestyle that seamlessly blends outdoor adventure with rich local culture.

The momentum behind Furano's growth is evidenced by a wave of exciting new projects. In Kitanomine village, Rhythm Furano has opened its flagship retail and service hub, while just up the hill, construction is underway on Lyra — an exclusive condominium development that will bring a new level of sophistication to upper Kitanomine with 20 residences and five commercial spaces. Downtown, JR Hokkaido has recently unveiled the JR Mobile Inn, a boutique property expanding the town's central accommodation options. Looking ahead, anticipation is building for Westin Hotels & Resorts, which is set to break ground in spring 2026 on a luxury development steps from the Kitanomine ski lifts.

This growing momentum, paired with Furano's legendary winters, vibrant summers, and authentic town centre, forms the destination's crown jewels. For investors and lifestyle seekers alike, now is the moment to discover why Furano is not only a year-round paradise but also one of Hokkaido's most compelling real estate markets.

Warm regards,
Scott Tovey
Furano Sales Manager

MEET THE REAL ESTATE TEAM

Scott Tovey
Furano Sales Manager

The local real estate market has seen remarkable growth in the past year, as both investors and lifestyle buyers seize opportunities. Investors are drawn to the region's attractive yields and strong outlook for capital appreciation, all backed by a weak yen.

Paul Butkovich
Niseko Sales Manager

Our one-stop real estate brokerage service makes buying property in Furano seamless and stress-free. With the most experienced team in the market, we guide buyers every step of the way, and our dedicated project management team is here to make your dream home a reality.

Frequently Asked Questions

Purchasing Costs

WHAT PURCHASE-RELATED COSTS DO I HAVE TO PAY?

Upon purchase, you will have to pay real estate agent's commission, judicial scrivener (solicitor) fees, registration and license tax, property acquisition tax, fixed asset tax, consumption tax, as well as postage and bank charges. As a general rule of thumb, budget around 5% on top of the final Sales Price to cover acquisition costs.

EXAMPLE PURCHASE COST

Sales Price	¥118,000,000
Real Estate Commission	¥3,960,000
Solicitor Fees	¥300,000
Registration and License Tax	¥350,000
Property Acquisition Tax	¥400,000
Fixed Asset Tax	¥75,000
Postage and Bank Charges	¥50,000
Total Cost	¥123,135,000

WHEN AND HOW DO I PAY THESE ON-COSTS?

Real estate commission, solicitor fees, registration tax, fixed asset tax, consumption tax, postage and bank charges are paid at final settlement. Property acquisition tax is billed separately by the prefectural government and is typically payable within six months of settlement.

HOW ARE SOLICITORS FEES CALCULATED AND WHAT SERVICES DO THEY COVER?

Solicitor fees cover the due diligence and legal procedures required to verify the contents of the real estate register, confirm that the property is free of encumbrances, and register the ownership transfer.

Fees vary by property price and complexity but the following can be used as a guideline:

Sale Price	Solicitor Fee
Up to ¥50,000,000	¥200,000
¥50,000,000 – ¥100,000,000	¥250,000
¥100,000,000 – ¥150,000,000	¥300,000

HOW MUCH ARE STAMP DUTIES?

Contract Stamp Duty is calculated on the Sales Price of the property. However, electronic contracts or contracts executed out of Japan are not subject to Stamp Duty.

Sale Price	Contract Stamp duty
¥10,000,000 – ¥50,000,000	¥10,000
¥50,000,000 – ¥100,000,000	¥30,000
¥100,000,000 – ¥500,000,000	¥60,000

WHAT IS THE REGISTRATION AND LICENSE TAX?

The Registration and License Tax is a national tax payable when registering changes to real estate ownership or mortgages. For property purchases, it applies when transferring ownership from the seller to the buyer.

The tax amount is calculated using the government-assessed value rather than the sales price, and the standard tax rates are 1.5% for land transfers and 2.0% for building transfers.

HOW MUCH IS THE PROPERTY ACQUISITION TAX?

Property Acquisition Tax is levied by the prefectural government on the property's government-assessed value at a standard rate of 3%. You will receive a payment notice within approximately six months of settlement.

H2 Christie's International Real Estate can assist buyers in handling this payment.

HOW MUCH IS THE FIXED ASSET TAX?

Fixed Asset Tax is an annual tax levied on both land and buildings at the rate of 1.4% of their assessed value.

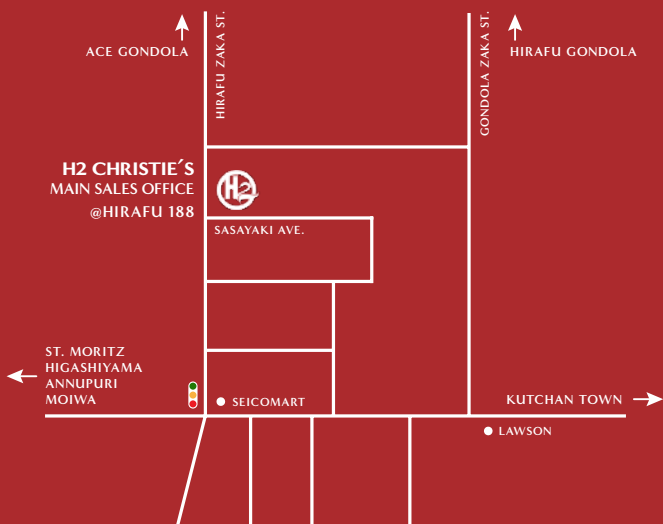

At settlement, the tax is pro-rated according to the closing date, with the buyer reimbursing the seller for their share of the current year.

Please do not hesitate to get in touch with the H2 Christie's International Real Estate team if you have any questions about purchasing, costs, or real estate in Japan.
